

## Message from the President Gerald B. Healy, MD

It was an honor and pleasure to attend our four Section Meetings in January and February. I congratulate the Vice Presidents, Drs. Emmett, House, Kennedy and Medina, on the excellent programs and the hospitality shown to us. It gives me great pleasure to invite the membership to the 105th Annual Meeting of the Triological Society, May 12–14, 2002, at the Boca Raton Resort and Club in Boca Raton, Fla. The meeting, held in conjunction with the Combined Otolaryngological Spring Meetings (COSM), will feature an outstanding scientific program as well as a joint scientific and poster session with the American Society of Pediatric Otolaryngology (ASPO). The combined session will begin with a panel, “Maintenance of Certification: Subspecialty Certification and Fellowship Accreditation – Overview and Discussion.” The panel will be moderated by Triological Society Executive Secretary Patrick E. Brookhouser, MD. The combined poster session will feature 31 presentations, several pertaining to unique and unusual clinical cases. The Triological Society program includes 26 papers, special presentations, and a panel, “Cochlear Implants in Children – The Future Is Now!” moderated by Margaret Kenna, MD.

My Guest of Honor, Dr. Stanley M. Shapshay, has served the Society as Eastern Section Secretary/Treasurer and will become the Eastern Section Vice President at the close of the Annual Meeting. Presidential Citations will be awarded to Robert W. Cantrell, MD (Southern

## 105th Annual Meeting Set in Boca Raton

The Boca Raton Resort and Club will host the 105th Annual Meeting of the Triological Society, May 12–14. Early registrations must be postmarked by April 12. Forms received after April 26 will not be accepted. Participants unable to make the deadline should register on site.

Materials were mailed to Triological Society members in January. However, forms can be downloaded from [www.entnet.org/meeting.html](http://www.entnet.org/meeting.html). The materials are also available toll free by Fax-on-Demand at 1-888-292-2703 or on a toll basis for international calls at 1-503-402-1374. The document codes are 6240 for Schedule, 6241 for Registration, and 6242 for Housing and Transportation information. Reminder: Banquet tickets must be ordered and paid for through the Triological Society Office, 402-346-5500.

## Three Theses Earn Society Honors

Wendell G. Yarbrough, MD

Richard D. Kopke, MD

Christopher Linstrom, MD

The Triological Society will elect 15 new Fellows at the Annual Meeting, including three who will receive awards for their theses. Dr. Wendell G. Yarbrough will receive the Harris P. Mosher Award for his thesis, “The ARFp16 Gene Locus in Carcinogenesis and Therapy of Head and Neck Squamous Cell Carcinoma.” The Edmund P. Fowler Award winner is Richard D. Kopke, MD. His thesis is entitled, “Enhancing Intrinsic Cochlear Stress Defenses to Reduce Noise-Induced Hearing Loss.” The Council selected Dr. Christopher Linstrom’s paper, “Objective Facial Motion Analysis in Patients with Facial Nerve Dysfunction,” for an Honorable Mention for Clinical Research.

Dr. Yarbrough is Associate Professor of Otolaryngology/Head and Neck Surgery at the University of North Carolina at Chapel Hill. He was proposed by Harold T. Pillsbury, MD, and seconded by William W. Shockley, MD. Dr. Kopke is Co-Director of the Department of Defense Spatial Orientation Center at the Naval Medical Center in San Diego. His candidacy was proposed and seconded by Darrell Hunsaker, MD, and J.V.D. Hough, MD, respectively. Dr. Linstrom was proposed by Dr. Steven D. Schaefer and seconded by Paul L. Chodosh, MD. Dr. Linstrom is Associate Professor of Otolaryngology/Head and Neck Surgery and Director of Otology and Neurotology at New York Eye & Ear Infirmary, New York City. He is also Associate Professor of Otolaryngology/Head and Neck Surgery at the New York Medical College, Valhalla, N.Y.

The remaining 12 candidates and their theses are:

Jimmy J. Brown, DDS, MD, Los Angeles, “Potential Biomarkers for Head & Neck Squamous Cell Carcinomas.” Proposer: Jack Pulec, MD; Seconded: Gerald Berke, MD.

# Society distributes \$28,000 in Resident Travel Grants

The Triological Society has awarded nearly \$28,000 in resident travel awards in 2002. Thirty-three institutions received awards to help defray travel expenses for residents to attend and present papers at the four Section Meetings in January and February. Section Vice Presidents and their program advisory committees awarded the travel funds based on abstracts and manuscripts chosen for presentation. The figure includes \$8,000 awarded to institutions to fund resident travel to attend the Annual Meeting in May, 2002. These Annual Meeting travel awards recognize the residents who won the Research Competition in the four Sections.

## 2002 Triological Society Annual Meeting

### Where to be and when to be there

## SPOTLIGHT

### *on the Southern Section*

**Q: The First Place Resident Research Award in the Southern Section this year is named for John E. Bordley, MD. Who was he?**

**A:** John E. Bordley, MD, was President of the Triological Society in 1964. Born Nov. 8, 1902, Dr. Bordley was Professor and Director of Laryngology and Otology at Johns Hopkins Hospital in 1952 and Andelot Professor and Director, Department of Otolaryngology at Johns Hopkins Hospital from 1962–1969. He had a particular interest in hearing and communicative disorders, especially as they related to children, and helped establish the Speech Clinic at Johns Hopkins, the first of its type affiliated with a medical center. He later helped form a similar facility at Boys Town National Research Hospital. A John Bordley Chair in Otolaryngology — Head and Neck Surgery was installed in his honor at Johns Hopkins.

During his presidency, the Council adopted a Code of Ethical Publicity for candidates and members. Members of the Society had to accept the principle that publicity for personal gain would not be condoned. Also during his tenure, the Council corrected an oversight by adding Alaska to the Western Section.

The Southern Section of the Triological named one of its Resident Awards for Dr. Bordley in 1996. He died in 1993.

# Proposed Changes to Bylaws on Annual Agenda

## BYLAWS REVISIONS

The membership is asked to review the proposed changes and cast a vote at the annual business meeting. Proposed changes appear in large, bold type. The explanation is in bold italics. These revisions were approved by the Council in May, 2001.

### Section 5. Duties of Officers.

- (a) President. The President shall be the chief executive officer of the Society and shall see that all orders and resolutions of the Council are carried into effect. The President shall preside at the Annual Meeting of the Society and shall arrange for the scientific program of the Annual Meeting **in conjunction with the Coordinator for Continuing Medical Education.**  
*This addition will adhere to ACCME standards.*

### Section 5. Section Meetings.

- (a) Unless otherwise decreed by the Council, there shall be one (1) Section Meeting held by each section each year. Each Section Vice President shall determine the place of the Section Meetings. All Section Meetings shall be held in January **or February** unless otherwise authorized by the Council or the Executive Committee.  
*This addition is necessary due to changes in dates for Western Section Meetings.*

## VI. MISCELLANEOUS.

Section 1. Amendment of Bylaws. Proposed amendments to these Bylaws shall be presented **(in writing) omit** to the Council. **(and shall have been signed by two (2) Active, Senior, or Emeritus Members.) omit** If approved by the Council, written notice of the proposed amendments will then be sent to all Active, Senior, and Emeritus, Members at least one (1) month prior to the next Annual Meeting. Approval of the amendments will require the affirmative vote of three-fourths (3/4) of those present at the Annual Meeting and entitled to vote.

*This allows individual members to approach the Council with suggestions and allows Council members to discuss/propose amendments during regularly scheduled meetings of the Council; often these issues relate to accreditation, grammar and simple "housekeeping" issues.*

Section 6. Organizational Provisions. Notwithstanding any provision of these Bylaws to the contrary, until such time as the Society shall have members, the initial board of directors named in the Articles of Incorporation shall constitute the Council, and said Council members need not be members of the Society and shall have the following powers in addition to those otherwise provided in the Bylaws:

- (a) To elect and designate the officers and directors of the society; and
- (b) To amend the Articles of Incorporation and Bylaws by majority vote of Council members present at any regular or special meeting provided that notice of any proposed amendment is provided at least seven (7) days prior to the meeting or to do the same by unanimous written consent.

*Council voted to omit entire Section 6 which is no longer applicable – note that this Section states that Council members need not be members of the Society.*

## Membership Boosted by Candidates, Residents, Postgraduates

Membership figures as of January 2002 show the impact that younger otolaryngologists are having on the Triological Society. While the number of Active Fellows has decreased in the last couple of years, the number of Candidates, Residents and Postgraduates is on the rise. The number of Residents and Postgraduates has soared since the Society created those membership categories in 1993. In 1993, the

Society had 42 Residents and 23 Postgraduate members. In January, the figures were 174 and 143, respectively. Also, as of the first of the year, the Society had 113 Candidates in the process of meeting active fellowship requirements. A summary of the membership shows 431 Active Fellows, 305 Seniors, 15 Emeritus, 26 Associate, 16 Honorary, 45 Inactive, plus Candidates, Residents and Postgraduates. The total for all categories is 1268.

# The Edwards Twins to Entertain at Banquet

The Edwards Twins began their show business career in the famous “An Evening at La Cage” revue. In the early 90’s, this talented duo of Eddie and Anthony Edwards created their own starring vehicle which receives rave reviews and standing ovations. Their repertoire includes more than 50 “personalities” between them, leaving amazed audiences cheering for more. *Don’t miss them!*

## *Plan to Attend!*
